

To view information about a song, highlight the song. Press the **Menu** key > **Song Details**.

To view the album that a song is from, highlight the song. Press the **Menu** key > **View Album**.

To view recommendations for similar songs, highlight a song. Press the **Menu** key > **Recommend Similar**.

Cache your music

You can store your music or your contacts' music on your media card temporarily to avoid streaming music over the wireless network.

1. Highlight a song.
2. Press the **Menu** key > **Cache My Songs or Cache Song**.

Hide explicit content

To complete this task, you must have a smartphone password set. When you hide explicit content, you cannot play a song or view album art that is labeled explicit.

1. Press the **Menu** key > **Options**.
2. Clear the **Show Explicit Content** checkbox.
3. Press the **Menu** key > **Save**.

Playlists

Create and share a playlist

1. On the My Music tab, click **My Playlists** > **New Playlist**.

To name the playlist, highlight the playlist name field. Type a name for the playlist.

To add songs to the playlist, click **Add Songs**. Click the songs that you want to add. Click **Done**.

To share a playlist with your BBM Music contacts and on the Recent Updates tab, select the **Share this playlist** checkbox.

To add multiple related songs, press the **Menu** key > **Bulk Add**. Click an option. Click the songs that you want to add. Click **Done**.

2. Press the **Menu** key > **Save Playlist**.

Change a playlist

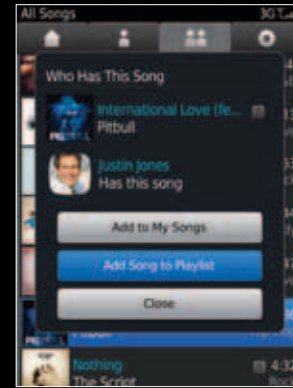

1. On the **My Music** tab, click **My Playlists**.
2. Click a playlist.

To add a song to the playlist, click **Add Songs**. Click the song that you want to add. Click **Done**.

To delete a song from the playlist, highlight the song in the playlist. Press the **Menu** key > **Delete Song**.

To move a song in the playlist, highlight a song in the playlist. Click **Move**. Click the location that you want to move the song to.

3. Press the **Menu** key > **Save Playlist**.

Subscription types

Several subscription types are available depending on your wireless service provider, country, or region.

Free trial offer up to 30 days: Enjoy BBM Music for up to 30 days with a free trial offer that allows full track listening and all the perks that come with the paid BBM Music Premium subscription.* Go to blackberry.com/bbmmusic/legal for terms and conditions.

Premium account: With premium account you can use all the features and functions of BBM Music and you can listen to your music and your friends' music. You can build your profile, create playlists, listen to songs (online and offline), and much more!

Preview account: You can use BBM Music with out a paid subscription, by using a preview account after your trial is completed. Using a preview account you can create a profile of music, discover your friends' music, but you can only listen to 30 second previews of songs. You can upgrade from a preview account to a premium account at any time.

BBM Music. It's music to your peers.

How to use BBM Music.

About BBM Music

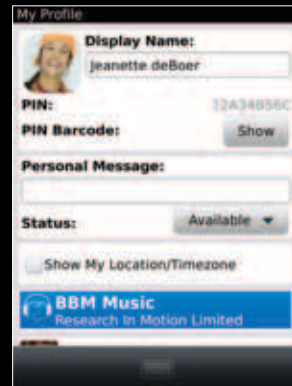

BBM Music makes your music collection social. With BBM Music, you can create a music profile* of your favorite songs that all your BBM Music friends can listen to – and in return you can enjoy all of your friends' profile selections. That means the more friends you have, the more music you can enjoy! You can listen to full tracks, create playlists, have conversations about music, and even listen to music offline.

** Your profile is made of 50 songs that you select from millions of songs available in the BBM Music catalogue. You can keep your profile selection fresh by swapping up to 25 songs per month.*

Account Information and contacts

Change your profile

1. On the **My Music** tab, click your BBM™ Music user name.
2. Do one of the following:
 - To change your profile name, change the **Display Name** field.
 - To change your status, change the Status field.
 - To change your profile picture, click your profile picture. Find the picture that you'd like to use. Click the picture.
3. Click **Save**.

Change your download options

1. On any screen in the application, press the **Menu key > Options**.
2. Do one of the following:
 - To stream or download songs using only a Wi-Fi® network, change the **Stream media using** field to **Wi-Fi**.
 - To turn off downloading when you are roaming, clear the **Stream media even while roaming** checkbox.

Add a song to your My Music tab

When you subscribe to BBM Music, you can add 50 songs to your My Music tab to listen to and add to playlists. You can swap up to 25 songs per month in and out of your My Music tab.

1. On the **Catalog** tab, click a category.
2. Highlight a song that you want to add to your profile.
3. Click **+**.
4. Do one of the following:
 - If you don't already have 50 songs, click **Add**.
 - If you already have 50 songs, click **OK**. Click **Swap**. Click the song you want to swap out. Click **Swap Songs > OK**.

Add a contact

1. On the **Contacts** tab, click **Add Contact**.
2. Click a method that you want to use to add contacts.
3. Complete the instructions on the screen.
4. Click **OK**.

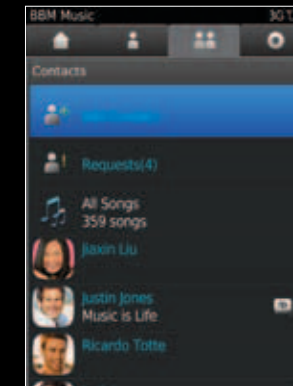

Chat with a contact

1. On the **Contacts** tab, highlight a contact.
2. Press the **Menu key > Chat**.

Comment on a contact's songs

1. On a contact's profile, click **Comment**.
2. Type a comment in the **Write Comment** field.
3. Click **Post**.

To delete a comment on your songs from a contact, highlight the comment. Press the **Menu key > Delete Comment**.

Finding and listening to music

Search or browse for music

On the **Catalog** tab, do one of the following:

- To search for a specific song or artist, type the name of the song or artist that you want to search in the **Search** field. Press the **Enter** key.
- To browse music, click **New**, **Genres**, **Recommended**, **Featured**, **Staff Picks** or **Top**.

Play a song

Do one of the following:

- To play all the songs you have access to, on the **Recent Updates** tab, click **Shuffle All**.
- To play a specific song in your profile, on the **My Music** tab, click a song.
- To play songs in a playlist, on the **My Music** tab, click **My Playlists**. Click a playlist. Click a song.

To play all the songs in a contact's profile, on the **Contacts** tab, click a contact. Click **Shuffle**.

To play songs in a contact's playlist, on the **Contacts** tab, click a contact. Click **Playlists**. Click a playlist.

Send a song

1. Highlight a song.
2. Press the **Menu key > Share Song**.
3. Click a message type.

Buy a song

To complete this task, you might need to first download the Music Store application if it is available in your region.

1. Highlight a song.
2. Press the **Menu key > Buy Song**.
3. Click the song that you want to buy in the Music Store application.
4. Complete the instructions on the screen.

Ignore a song

You can ignore a particular song or artist in a friend's profile to prevent that song from playing when you listen to music.

Do one of the following:

- To ignore a particular song, highlight the song. Press the **Menu key > Ignore Song > Ignore Song or Ignore Songs By Artist**.
- To stop ignoring songs that you have ignored, highlight a song. Press the **Menu key > Stop Ignoring**.

View the details of a song or artist

You can find out more information about a song or artist by viewing the details. Do one of the following:

- To view information about an artist, highlight the artist name. Press the **Menu key > Artist Details**.
