

# BlackBerry Professional Services Application Management Workshop

## Mobile Application Management Made Simple

Tapping into the expertise of BlackBerry® Professional Services can help you drive great value from your business applications. Our Application Management workshop is led by BlackBerry Enterprise Architect Advisors who leave no stone unturned in finding opportunities for you to get more from your BlackBerry® Enterprise Solution. They'll guide you through a full review and test of your mobile applications and help you build a customized, easy-to-follow plan for ongoing management and support.

## Key features of the three and five-day workshops include:

- Review of your existing and future mobile applications
- Development of your implementation and management plan
- Configuration of your BlackBerry Enterprise Server to push applications wirelessly
- Testing of application push and application control policies
- Process for reviewing new applications or versions
- Implementation of the Application Management Plan on the BlackBerry Enterprise Server
- The advice and guidance of BlackBerry Enterprise Architect Advisors

## Proven planning for ongoing success

Ensure your next deployment is smooth, successful, and positioned to keep your applications performing at their best with help from BlackBerry Professional Services.
