

BlackBerry Certified Server Support Specialist

# Experienced. Helpful. Supportive.

Do you...

- > have experience with the BlackBerry® Enterprise Server and BlackBerry® smartphones?
- > troubleshoot and configure BlackBerry Enterprise Server related issues?
- > know how to access and use product guides and troubleshooting documentation?
- > interact with BlackBerry Enterprise Server administrators in a professional, customer service environment?

Validate your BlackBerry knowledge with the BlackBerry Certification Program and build your expert reputation.

# Become a BlackBerry Certified Server Support Specialist

## Here's How:

Register for and take exams at one of Prometric's Testing Centers, which are conveniently located around the world at over 3000 locations!

You'll need to successfully complete two exams for accreditation:

BCP-221: Supporting BlackBerry Devices in an Enterprise Environment (v5.0)

### And one of the following:

BCP-222: Supporting a BlackBerry Enterprise Server v5.0 in an IBM® Lotus® Domino® Environment

### Or

BCP-223: Supporting a BlackBerry Enterprise Server v5.0 in a Microsoft® Exchange Environment

## Get Set for Success

There are a number of resources available to help you prepare for your exams, such as exam and self-study guides as well as pre-exam assessments.
