

BlackBerry Workspaces version 6.0

The technical accreditation training path for BlackBerry Workspaces includes a blend of web-based training, instructor-led training, and online assessments. This training path includes content for both End Users and Administrators.

All web-based training must be completed using the BlackBerry Universe learning portal. The instructor-led training must be completed using one of BlackBerry's Authorized Training Partners and content will be accessed using the BlackBerry Universe learning portal. The assessments must be proctored through one of BlackBerry's Authorized Training Partners. To successfully achieve the accreditation for BlackBerry Workspaces, learners must complete all training and assessments requirements listed in the chart below.
